King Ranch Big B Division Horse Sale Announced

The entire herd of 250 registered Quarter Horses at King Ranch's Big B Division located at Belle Glade, Florida, will be dispersed in a sale at the Palm Beach Polo and Country Club, Nov. 26, 27.

Everything in the herd will sell, according to John B. Armstrong, King Ranch Executive Vice-President, who has charge of the Big B Division. "The entire Big B unit will be devoted 100 percent to the production of sugar cane," Armstrong said, "and we've decided to sell the horses rather than bring them back to Texas."

"These horses are all pure King Ranch breeding," Armstrong continued. "They go back to Old Sorrel, Hired Hand, Wimpy P1 and a generous portion of Otee and San Peppy. They are carefully selected for their looks, for their soundness and for their easy dispositions."

He added that these are all-around performance horses that can do just about whatever you ask them to do. "We want to be able to put a rope on a full grown Santa Gertrudis bull and hold him, or we want to be able to work cattle in the pasture or the pen and know a horse can handle the job," Armstrong said.

"We are offering all of them, mares, foals, yearlings, stallions and some ranch proven geldings," Armstrong added. "And we feel like this may be one of those once in a lifetime opportunities for horsemen who are serious students of the pedigree to obtain some of the classic old bloodlines in a herd that has been strictly culled for quality."

Livestock Export To So. Korea To Be Vastly Different

Grand Prairie, TX - A modern-day Noah's ark will take to the air Nov. 1 when a 747 jumbo jet leaves the Dallas/Fort Worth Airport enroute to Seoul, South Korea.

An estimated 200 mammals and 200 fowl and reptiles have been assembled by the International Wildlife Park in what officials think is the world's largest single shipment of animals.

The park's parent company, International Animal Exchange in Michigan, acquired the animals from several of its facilities and from zoos around the United States. The Grand Prairie park was selected for staging the shipment because of its outstanding facilities and proximity to the airport.

The animals on board the flight will constitute approximately 60 percent of the new Seoul Grand Park Zoo's ex-

hibits. They will arrive just in time for the scheduled grand opening of the zoo on Nov. 5.

"It is ironic that their opening will closely coincide with a pending visit by President Reagan in mid-November," said Mickey Hunt, executive vice-president of the International Wildlife Park. "The president will travel halfway around the world and see some of our animals when he tours this ultra-modern facility."

Some of the largest animals included in the shipment are greater Indian rhinoceros and four young African elephants. Other exhibit animals run the gamut of hyenas and harbor seals to jaguars and ostriches. Some 19 different species of primates, including five endangered orang-utans, will also make the long trip.

Perhaps one of the trickiest aspects of planning the world's largest shipment of animals is in deciding where each crate will ride on the jet.

"Of course, weight distribution is a key factor," said Hunt, "but we must also be careful about placing compatible animals next to one another in their crates."

A gemsbok, which is an antelope, would not be calm on an 18-hour flight if its crate was situated next to a lion's crate.

Space is at a premium on the flight, and wildlife officials at the International Wildlife Park encountered a problem with planning for its watasi cattle.

"The animals are about the same size as a domestic brahma, but the horns literally dwarf those of a Texas longhorn," said George Gray, vice-president of International Animal Exchange. Special crates had to be made for the watasi, and they measure 10-feet wide to accommodate the wide-set horns.

Besides the multitude of animals, the park is also taking a seven-day supply of food for all animals which are on special diets.

"All of the hay-eaters are considered as special diet cases because the hay in Korea will not be like ours," said Gray.

"Having food they are accustomed to will help minimize the stress of moving."

Several members of the International

Wildlife Park's wildlife staff, including Gray and staff veterinarian Dr. Richardson, will accompany the animals to Korea to help get them unharmed and situated in their new home.

Preparations for assembling the animals began almost one year ago and have required more than 600 man-hours of time in coordinating permits and planning.

As the final count down to the wildlife officials at the International Wildlife Park are making last-minute preparations. However, every aspect of the time spent planning is worthwhile.

Noah would most likely be impressed with the wide variety of animals packed to Korea. But most of all, he would probably stand in awe of the new flying machine that can transport animals halfway around the world in only 18 hours.

KING RANCH PLANS DISPERSAL OF BIG B QUARTER HORSE HERD

Sale Set for Saturday and Sunday, November 26 and 27
At The Palm Beach Polo and Country Club

250 mares, foals, yearlings, stallions and geldings with faultless pedigrees going back to Old Sorrel, Hired Hand, Wimpy P1, Otee, and Mr. San Peppy will be presented in this once in a lifetime sale. These are performance horses bred for cow sense, speed, agility, endurance and good looks. They were selected for their soundness and their good temperaments and are made available because the Big B unit is being converted 100 percent to the production of sugar cane.

This will be a complete dispersal of all the horses in this band. The auctioneers are Ike Hamilton and Bill Tackett. For more complete information contact:

Livestock Markets Still in Flux, Price Pressure Remains

Stuph & Thangs

AN SPIRIT EMERGES AS LONE BRIGHT SPOT...

MOVING? Please use firm inside paper and give full information. Mail-order list is run on Friday for following week.

As the casualty lists came in it was a sickening experience for everyone as the conventional shots took a back seat between our country and the enemies and actual shooting situations developed. We can all be proud of the young men who were unfortunately caught in the Beirut and Grenada messes as they shouldered the burden of the Cold War turned hot.

There has been more than two mutes of word mongering between our side and theirs, and as the enemy finally went too far, it was a showdown that sooner or later was inevitable. In Beirut it was a classic case of having gotten mixed down into a situation where our men were there with their hands tied. Some of the Marine guards who might have been able to head off that truck were not even allowed to carry live arms.

Cattle Raisers Adopt National Policies

Fort Worth, Oct. 25 - Cattlemen attending the fall board meeting of Texas and Southwestern Cattle Raisers Association in Laredo Oct. 21-22 adopted three policy resolutions concerning national beef industry issues, says TSORA President Frates Seeligen of San Antonio.

TSORA is a 106-year-old trade association representing more than 14,000 cattle producers in Texas, Oklahoma and surrounding states. The more than 800 cattlemen attending the meeting voted to support the "payment-in-kind" proposal, which would call for the elimination of the controversial dairy diversion of the payment program. Often called the "payment-in-kind" proposal, it would pay dairymen to sell their cows for slaughter thereby cutting milk production.

End-Of-Year Crop, Livestock Reports Assist Producers

Austin - The Texas Crop and Livestock Reporting Service will begin contacting farmers and ranchers across the state in late November for final 1983 crop acreage, yield and production totals and end-of-year livestock and poultry inventories.

State Statistician Dennis Findley reported that producer compliance with the current farm programs reduced crop acreage across the state, and many farmers and ranchers are depending on this survey information for an accurate picture of the 1983 agricultural situation.

Findley explained that the confidential interviews, conducted by mail or in person by field enumerators, provide information used by producers to make their production and marketing plans for the coming year.

"Without these reports, farmers and ranchers would have to rely on other sources for crop and livestock information," he added.

ASPC Elects New Officers At Meeting

P.J. Cook of Belle Fourche, S.D., was elected president of the American Sheep Producers Council Thursday at the council's 30th annual meeting in Denver. Tim Jodet of Colville, Calif., was elected vice president and Edgar Olson of Fond du Lac, Minn., was elected secretary-treasurer.

The ASPC was created in 1956 by sheepmen as a self-help program to promote their primary products, lamb and wool, and is supported by over 90,000 producers.

The Executive Committee selected Sam Chourmes of Trenton, Utah, as the new chairman of the Wool Advisory Committee, and reappointed Pete Glabbe of Grand Junction, Colo., as chairman of the Lamb Advisory Committee.

TCFA Convention To Address Strategies For The '80s

AMARILLO - Issues facing the beef industry will be discussed next month by a panel of industry leaders from the nation's three major beef organizations. The panel will assemble during the annual convention of the Texas Cattle Feeders Association, Nov. 15-16 at the San Antonio Hyatt Regency Hotel.

Don Butler, chairman of the U.S. Meat Export Federation; Jim Mullins, chairman of the National Live Stock and Meat Board; and W. J. Waltrip, president of the National Cattlemen's Association, will make up the panel. They will address the topics, "Strategies for Cattlemen in the '80s," Dr. S. S. Pope, head of the New Mexico State University Department of Animal Sciences, will moderate the panel.

"Many important industry issues will have an impact on cattle feeders in one form or another," said Jim Peterson, convention manager and TCUA membership director. "The industry's nationwide product promotion campaign, the government's farm program, the dairy diversion program and other current issues will be discussed during the informative panel session."

Also in the convention program is TCFA President Charlie Koons who is general manager of Otis Feedyards. He will update convention registrants on the latest industry news.

Pattern of Ups, Downs of Recent Weeks Holds for Slaughter Classes, Recent Rains Bolster Stockers, Feeders

During the past week and in the early trading this week the prices of livestock and red meat were again on the on-again, off-again track as trading got underway early this week. The yo-yo pattern of movement and prices started out about the same as has been the case for several weeks. General and heavy rains in areas that had been in drought brought relief to fields and pastures and some hope that with open weather some grazing will be available in pastures and the prospects for winter

grain pastures appeared good to excellent over the grain belt.

Liquidation of cows continued with most markets reporting large percentages of slaughter cows as cattlemen culled to get herds into shape for the winter months. Calves and lightweight yearlings continued to lead the parade to higher prices on stockers and feeders. However, some feedlot buyers were reported temporarily on the sidelines watching fat cattle markets and feed prices.

Fed Cattle Lower, Hog Prices Mixed At Markets Monday

Around the central markets Monday prices of fed steers and heifers were mostly weak to unevenly lower as the carcass trade opened on a weak to lower trend. Markets supplies of slaughter cattle were about 1,500 larger than a week ago. Slaughter cows and bulls were weak to mostly unevenly lower at these reporting markets. Monday's estimated cattle kill at 138,000 was 5,000 above a week ago and 4,000 larger than a year earlier.

Hog prices were mixed as markets in the west were generally lower and those in the eastern sectors were steady to firm. Saleable hogs at these markets were off about 4,000 compared with last week. Monday's estimated hog kill at 342,000 was 15,000 under last week, but 39,000 ahead of a year ago. Price trends, quotations on choice and price fed steers and heifers the mixed good and choice grades and on good to choice Holstein steers and on U.S. 1-3 hogs scaling mostly 200 to 270 or 280 pounds included:

OMAHA fed cattle 25-50 cents lower. Steers \$57 to \$59.50 and \$57 to \$58.50. Heifers \$51 to \$54. Hogs steady at \$55.50 to \$56.50. SIoux CITY fed steers 50 cents lower and heifers steady to 50 cents, closing 50 cents lower. Steers \$57 to \$58 and \$55.50 to \$56.50. Heifers \$51 to \$54. Hogs steady to 25 cents lower at \$55 to \$56.25.

SIoux FALLS fed steers 25-75 cents lower and heifers 50 cents to \$1 off. Steers \$56 to \$58.50 and \$54.50 to \$57. Heifers \$50 to \$53. Hogs \$55 to \$57.50. Load good, few choices 2-4 1600 lb. heifers \$52.50.

surpluses. The beef producers argue the proposal offers no long-term solution to over production and encourages dairy cow slaughter in direct competition with the unsubsidized beef cow slaughter.

Seeligen said the provision would cost taxpayers millions of dollars, severely hurt the beef industry and wouldn't prevent future milk surpluses funded by taxpayers.

If the Conable amendment fails, TSCRA asks Congress to defeat the compromise dairy legislation when it comes up for debate in the House.

On another issue, the cattlemen restated their opposition to federal encroachment on private property rights. Seeligen said TSCRA members are understandably upset over proposals by Agriculture Secretary John R. Block that would be "the first step down the road toward a 'back door' approach to federal land use planning."

TSCRA voted against Block's proposed change in the Farmland Protection Act because "it could lead to permanent zoning of agricultural lands, severe restrictions on the right of the owner to sell his lands for other uses, costly litigation and restriction of free enterprise decisions by local communities."

The cattlemen urged President Reagan, Secretary Block and Congress to adopt farm protection policy emphasizing voluntary programs, cost-sharing and technical assistance. The cattlemen also came out in support of a National Animal Health Information Center to be operated by the National Brucellosis Task Force. They endorsed funding epidemiological research to discover management practices reducing the incidence of brucellosis, a highly contagious, reproductive cattle disease. They also liked the idea of the task force researching the biology of the brucellosis organism and defense mechanism in cows. The development of an improved vaccine and diagnostic test got their support. In the long-term, TSCRA supported the budgetary requests of USDA's Agricultural Research Service to accomplish these goals. A slate of speakers discussed Central

American issues, the importance of free enterprise, national legislative matters and plans by the Texas Department of Agriculture to help farmers and ranchers through the newly-enacted Agriculture Development Board. Speakers included Ambassador E. Birdwell II, TSCRA Labor Committee chairman, and Seeligen. TSCRA will hold its 107th annual convention, trade show and Heritage sale March 18-21, 1984, in San Antonio, Seeligen said.

The best jump a fish can make is perhaps five or six feet.

A HIGH OFFICIAL in the post office in Washington told a Senate committee that unless Congress appropriates more money for the postal service, "We may be caught in a vicious cycle of rate increases to compensate for volume decreases brought on by rate increases."

munition in their guns. This kind of State Department life lived appears should never be allowed to happen again. Th' only bright spot in this whole mess was the way those Americans accepted their fate and expressed a desire to go back and instead of giving up they would like to get even and they should be given that privilege. Respect to you have if we are to expect it. Easy to behave themselves in civilized fashion. It is too bad we are still handicapped by some th' Jane Foudas and other similar less than respectable American patriots.

Th' Grenada invasion was something that had to be done and the sooner it better. One thing you can always be on is that th' Communists will not quit nibbling and nibbling until they are sure you really mean it when you say "so far, and no farther". They have been inching their way into Central and South America and have been able to disregard our warnings. It seems obvious now that they know their limits as to how much th' United States will tolerate.

Th' fact that recruiting offices were swamped by young men wanting a part of th' action, and many of them were proud former Servicemen who had military in their background, is th' best evidence that this generation of young people are proud of their country and willing to defend it.

Along with our prayers for these young people there goes a feeling of pride in them and in America that has been cluttered up by funny thinkers too long.

All America says thank you to the Army, Navy, Air Force and Marine. Ever thine, The Editor.

P.S.: Uncle Dunk says what this country really needs is a law by which our Defense Contractors can be prosecuted for selling 12¢ wrenches to military for \$9,800, as was reported the other day by Congressman.

Somebody ort to spend some time behind bars in cages like this. P.S. some of those guys in cages might me we would git a lot more bang for th' buck! - Thassall, Brother!

At Paleface Ranch, we have a total performance program including weaning weights, rate of gain and carcass evaluation through the PFI Certified Meat Sire program. Our first bull nominated, born in 1963, was the first bull with any Brahman blood to qualify. We also had the second with any Brahman blood to qualify. This bull has gone on to produce two sons to qualify for CMS, and one grandson has been named SUPER CMS, only the 35th bull of all breeds to gain this recognition.

We invite you to attend our bull sale with confidence that our practical performance program enables us to produce bulls that will sire superior doing calves for you - the kind that will make money all the way from producer to retailer.

SHORTHORN - POLLED SHORTHORN SALE at Sutherland Farms - Prospect, Kentucky MONDAY, NOVEMBER 14, 1983 beginning at 4:30 P.M.

On Monday, November 14, 1983, Sutherland Farms will continue its tradition of presenting the finest cattle they produce in their LEGACY III Production Sale.

This will again be a production sale in the truest meaning of the terms, as the herd sires represented are owned by Sutherland, and the females in the sale are those that are bred and owned by Sutherland or are from the Windholme herd that was purchased in its entirety by Sutherland.

Sutherland continues to produce so many of the top individuals in the breed. The progeny of "G-9", "179", "Irish Jack", "Mick" and "Special" have consistently been herd improvers in all corners of North America.

"The Changers" THE DURHAM BULL

THE BEST OF BOTH WORLDS!

Yes, the Durham bull, he's been covering rangelands and pastures since the beginning of the American cattle industry. Today he is bigger, bolder, more versatile than ever before.

The Durham bull and Today's Shorthorns can give you the best of both worlds, calves that grow rapidly and efficiently and can bring you the top dollar, and females to keep as replacements that will make the best cows you've ever owned.

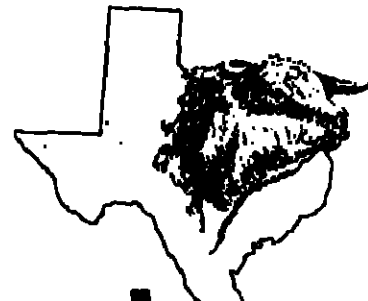

Research Proves

- More Milk** — Recent research data concludes that Shorthorn cross cows do produce more milk and wean heavier calves when compared to other breeds. That same research showed that Shorthorn sired steers having a clear advantage in average daily gains and frame scores.
- Fertility and Calving Ease** — In another test with over 50,000 calvings of all breeds, the Shorthorn influence had the lowest number of calving difficulties with less than one calving problem per 100 calvings. Shorthorn bulls also proved greater fertility by settling more cows in less time when turned out with bulls of other breeds.
- Feedlot Performance** — Recent A.S.A. Sire Tests summaries also show that 200 Shorthorn sired steers reached market weight of 1,152 pounds at 14 1/2 months of age with only 90 days on full feed. These steers had an average yield grade of 2.7 and 86 per cent grading low-choice or better.
- Profitability** — Today's Beef Industry calls for the breed that can do all things equally well, produce progeny that grow fast, females that milk well, calves easy and breed back quickly and most importantly, provide bulls that cover the country and settle cows effectively.

The Durham Bull And Today's Shorthorns, Shouldn't You Profit From Their Influence?

Hereford Association Will Induct Six To Gallery Of Honor

Six individuals who have contributed greatly to the success of the Hereford breed will be inducted into the Hereford Gallery of Honor during special ceremonies on November 7. The inductions will take place during the annual meeting of the American Hereford Association in Kansas City.

Included in the honorees is the only woman to ever serve on the board of directors of the American Hereford Association; one of the staunchest Hereford breeders and promoters of the 1890's; a former AHA secretary; and three breeders whose fame include breeding of outstanding cattle.

Those to be honored posthumously are Raymond "Pinky" W. Lewis and Ruth Banning Lewis, both from Colorado Springs, Co.; John Merryman, Cockeysville, Md.; and Earl Henderson, Alliance, Ne.

Living honorees are Jack Turner, Fort Worth, Tx., and Bryant Edwards, Henrietta, Tx.

Jack Turner was a successful rancher and herd manager before building his own Silver Creek Farms where he developed the Real Silver Domino family. Later he became secretary of the American Hereford Association in 1946. During his tenure, he modernized the Association's offices, established the field service force, expanded breed advertising, completed the new headquarters, and initiated investigations that led to elimination of genetic dwarfism from the breed.

For Grand Dom A1085, owned by New Herefords, Follett, TX, and Bar 8 Ranch, Arnett, OK, was the champion Hereford bull of the Tulsa State Fair.

Large Crowd Attends Tulsa State Fair Hereford Show

A large, enthusiastic crowd was at the Tulsa State Fair Hereford Show at the recent 1983 Tulsa State Fair. Tulsa State Barber, Channing, TX, had the honor of placing the 60 head show.

Judge Barber placed Top Grand Champion Dom A1085, for the grand champion award winner. The grand champion was shown by Bar 8 Ranches, Arnett, OK, and Bar 8 Ranches, Follett, TX. The new grand champion bull title was added by CLH High Class 268, exhibited by Dennis Ranches, Grady, and Higgins Hereford Ranch, Nowata.

The heifer competition was extremely tough, but Judge Barber quickly sorted through the entries to choose TRC Miss Dom 201 ET, and shown by Bolin Ranch and Floyd Wampler.

Diamond Lazy J Beefmaster Field Day

Diamond Lazy J Ranch, owned by Gary Jordan, Lexington, TX, will host a field day at the ranch beginning at 10:00 a.m. Saturday, November 5, 1983. The field day, sponsored by Beefmaster Breeders Universal, will be geared toward the commercial cattleman. The theme "How To Make It With Beefmaster" will be exemplified through speakers, demonstrations, audience participation, and cattle displays.

Mr. Don Lawrence, a commercial cattle breeder, will speak on his success with Beefmasters. Mr. Lawrence runs a 1,600 head cow/calf operation in Nacogdoches, Texas. Mr. Gene Kuykendall, Executive Vice-President, Beefmaster Breeders Universal will explain BBU's programs including the Upgrading Program. Mr. Charlie Bradbury, Director of Field Services, BBU, will demonstrate BBU's popular Voluntary Classification Program.

Following a complimentary barbecue lunch, cattle will be on display. Displays include all classes of the Upgrading Program—base cows, first cross, second cross, and purebred cattle.

For more information contact: Gary Jordan, P.O. Box 120, Lexington, Texas 75847, (512) 278-2278 (ranch), (409) 773-3285; or Beefmaster Breeders Universal, G.P.M. South Tower, 500 N. W. Loop 410, Suite 350, San Antonio, Texas 78218; (512) 341-1277.

The Central States Beefmaster Association held their Annual Fall Sale October 8 at the Holiday Inn in Tulsa, OK. The 83 lots grossed \$169,825 for a \$2044 average.

High price of the day came in the bull sale when Bole D'Arc Beefmasters, Ponca City, paid \$8000 for a 3/4 interest in the Chepe son consigned by Johnson Ranch of Fairfax.

Second top selling bull brought \$3000 from a bid placed by Glen Beefmasters, Duncan, for the Richter 941 son consigned by Richter Beefmasters of Leoti, KS.

High selling female at \$7800 came from the Flying O's Beefmasters, Coldwater KS, consignment and sold to Hans Whittenburg, Edna, TX. Second top female brought \$7000 on a bid from Wayne and Susie Brown, Comanche, for the Johnson Ranch consigned "J" Classified pair.

Sharolyn Webster of Coldwater, KS, bid \$6800 for a open heifer consigned by the Flying O's Beefmasters.

The auctioneer was Anthony Mihalaki and Thompson Cattle Marketing were the sale managers.

David C. Brown Aves. \$13,158 On 52 Lots Of Beefmasters

David and Susan Brown, along with manager Red Thompson, held their second Beefmaster Production Sale at the ranch near Immokalee, FL on October 18. Six embryos averaged \$32,600; 29 three-in-ones averaged \$10,946; 10 bred females \$7100 and 8 open heifers \$11,617 for a total of 52 lots grossing \$684,200 to average \$13,158. Sixty commercial range bulls brought \$107,400 to average \$1790.

A special lot in the sale which was two embryo flushes out of any of the donor cows in the David Brown program brought \$31,000 going to Jack Madera of Mabank, TX and 77 Ranch of Hebronville.

Top selling lot was one half of all embryos out of four flushes in a five year old proven producing donor cow. She brought \$41,500 going to Frank Horlock of Houston. The same type of package brought \$35,000 on a proven six year

Singer Beefmaster Sale Will Be Nov. 4 In Three Rivers

The First Singer Beefmaster Production Sale, offering 128 lots, will be held at Palsano Ranch Friday morning, November 4 beginning at 10:00 a.m.

The Singer Seedstock Sale, will feature 60 three-in-ones, pairs, bred, and open females, and 8 herd sire prospects.

There were 48 buyers from Georgia, Texas, Mississippi, Kentucky, Florida, Louisiana, Tennessee, Alabama, Arkansas and Oklahoma.

Manager for the sale was Thompson Cattle Marketing, Inc. of San Antonio and auctioneer was Gerald Bowie of West Point, GA.

The Changer Range Bull Sale to be held following lunch, will offer 60 Changer sired 2 and 3 year old range bulls and herd sire prospects.

The Changer, is the sire of many of the sale cattle, while Amazon, a top producing donor cow, is the dam of 31 lots.

A "little ear" on feeder calves has
become an important marketing factor
in recent years.

Some feeders are demanding that
their order buyers select calves with
some Brahman in their genetic make-up.

We think one of the best tools
available to put a "little ear" on your
feeder calves is to turn out a
Beefmaster bull.

Profitable Books You Should Have

- Tax Guide for Farmers**—A detailed 350-page book which includes all 1981 tax law changes affecting the farm operation. Designed to help minimize your tax bill, it contains nine big chapters packed with tax-saving methods and suggestions strictly for farmers. Covers tax management as a financial tool; managing farm income and expenses; land and depreciable property; tax reporting and returns; social security taxes; tax aspects of farm business organization; plus additional tax-saving principles and strategies. Price \$12.95
- Facts & Figures for Farmers**—A complete reference handbook with all the facts, calculations, math, tables, and charts you need in the everyday operation of your farm. Full of facts to help calculate inputs, measure land, figure silo capacities, balance rations, calibrate sprayers, analyze budgets, estimate space needs, machinery operating costs... to name a few. 348 pages. Thirty chapters on livestock, crops, buildings, equipment, accounting, and much more. Price \$9.95
- Futures Handbook for Farmers**—An 80-page guide covering how the futures market works and how to interpret technical price moves that can help your marketing program even if you never use futures for hedging. Discusses cash/futures relationships; illustrated use of chart formation; details how volume and open interest can help you diagnose market conditions; and helps you spot support and resistance areas that may signal price turnarounds; plus more. Price \$3.95
- Brass Tacks of Animal Health**—A 464 page, hardcover volume no livestock owner should be without. It's packed with answers to the "nuts and bolts" health problems you encounter daily in your operation. Detailed, well-illustrated coverage of disease conditions, signs, causes, prevention, transmission, and treatment. Also covers handling and restraint, reproduction and birth difficulties, nutrition. Complete sections on beef and dairy cattle, hogs, and horses. A real A to Z book on how to keep your animals functioning at top efficiency. Price \$19.95
- Field and Equipment Record Book**—A very popular 160-page volume helping those non-financial records so important to your success. It helps you organize and plan for the year, keep facts on key cropping practices, and analyze the results. This section for plotting your farm layout and keeping up to six years of cropping records. Also includes areas for recording vital facts on your machinery, equipment, and tools. Price \$10.25
- Buying and Selling Farmland**—An excellent book on the intricacies connected with the purchase or sale of farm real estate. Its 320 pages cover how to find and buy land with the greatest profit potential; how to determine a fair market value for your land; how to sell the most when you sell; how to decide whether to add more land to your operation; how to avoid pitfalls in land transactions. Also includes answers to 130 most asked questions on farmland purchase or sale. Complete, easy to understand. Price \$10.95
- Farm Management Guide**—Contains 336 pages packed with valuable production, management, and marketing information you can put right to work in your operation. Thirteen big chapters provide detailed facts on acquiring a farm; planning and financing; taxes and insurance; soils and crop production; livestock production; buildings, equipment, and machinery; marketing. A complete farm reference. Price \$9.95
- Farm Buildings (from planning to completion)**—A 432-page volume covering every aspect of planning and erecting farm buildings for swine, beef, dairy, poultry, horses as well as farm shops, machinery and crop storage facilities. Contains chapters on building economics, site selection, foundations, floors, walls, roofing, electrical wiring, plumbing, painting, insulation, ventilation, heating systems, and much more. Feeders Higher Last Week

St. Joseph, Oct. 28 (USDA) - National Feeder Cattle and Calf Receipts This Week 276,000. Last Week 285,000. Year Ago 285,000. Feeder cattle prices higher this week despite declines in slaughter cattle prices. Feeder steers and heifers steady to 3.00 higher, most advance on calves with several places in Southeast as much as 5.00 higher. Cattlemen optimistic as only a few places reported steers over 700 lbs. and heifers over 600 lbs. steady to 2.00 lower. Range and warm weather over a large part of the cattle country improved fall pastures. Best demand for grass fed cattle and such kinds in strong hands as marketings curtailed. Slaughter and feeder cattle prices about in line with a year ago but grain prices higher, corn some 1.25 a bushel higher.
